EASIER TO PREVENT

Most physicians are agreed that the
best way to combat most ills is by the
direct method of stimulating the
body's natural powers in fighting and
destroying the germs of disease. Con-
sumption, for example, is much easier
to prevent than it is to cure, and
throughout the land a determined war-
fare is being waged to lessen the dan-
ger of infection by this insidious dis-
ease. Coughs and colds are a prolific
source and should not be neglected.
At the first sign of a cold, steps
should be taken to check it at once,
and this can best be done with a
simple mixture of two ounces of Glycer-
ine, a half-ounce of Virgin Oil of Pine
compounded pure and eight ounces of
pure Whiskey. These can be mixed
together in a large bottle. Shake well
and take a teaspoonful every four
hours. It is claimed by the Leach
Chemical Co., of Cincinnati, who pre-
pare the Virgin Oil of Pine compound
for dispensing through druggists, that
this mixture will break up a cold
in twenty-four hours and cure any
cough that is curable.
